I-126-001

Your Calumet - Comanche Electric System Improvement Project map is using a considerably out-of-date map.

This map shows at least two properties as BLM land, and one of those two was sold/traded/converted to private property in July of 1999. This parcel currently belongs to me and my husband, purchased in May 2005.

We understand the importance of this project, and we appreciate your taking the public into consideration, but at least please base your research on current maps.
